REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Applicant's arguments received September 6, 2006 have been found persuasive. The closest prior art, Grushin (US 2002/0121638), fails to teach the cathode layer comprising an alkali metal or alkaline earth metal is in contact with an EL layer with an iridium containing complex on the opposite side of the alkaline earth metal cathode layer. Accordingly, claim 2 is allowed. The allowability of claims 7, 8, and 20 has been set forth in the prior Office actions. Claims 2, 7, 8, and 20 are allowed.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dawn Garrett whose telephone number is (571) 272-1523. The examiner can normally be reached Monday through Friday.
